

WELCOME HOME TO WARMTH

Wood Burning Fireplaces

Wood Burning Fireplaces

Nothing Looks, Smells or Sounds Like A Real Wood Burning Fireplace.

Value Line Wood Burning Fireplace shown with vented gas logs, optional glass doors and custom stone mantel.

A wood burning fireplace from Vantage Hearth's line is a handsome addition to any home. Fireplaces are available in a variety of styles and sizes adding resale, emergency, and aesthetic value to your home. With a Vanguard wood burning firebox you get the best of both worlds - your family can enjoy it with real wood or combine with a log set to keep the look of a traditional wood burning fireplace without the mess. A Vantage Hearth vented gas log set also available in a variety of styles gives you that real wood fire look. For maximum efficiency close the damper and add a Vantage Hearth vent-free gas log set (and fireplace hood). At 99.9% fuel efficiency you'll get both warmth and savings.

All Vantage Hearth wood fireplace models include:

- Generous viewing areas
- Textured charcoal powder coat paint finish
- Solid steel log grate
- · Full refractory firebrick-look liner
- · Black chain mesh fire-screen for added safety assurance

Traditional Wood Burning Fireplaces

Vantage Hearth's standard fireplaces offer a beautiful, traditional fireplace setting at an attractive price. The Vantage Hearth wood line is available in Value, Performance, and Premium models. Fireplaces range in size from 36 inches up to 50 inches so you can select the fireplace that best suits your home. Both louvered (circulating) and smooth face (non-circulating) styles are available in the Value and Performance models. The Premium line comes standard with smooth face for a full brick to face design. When combined with an optional blower the circulating model provides additional warmth. The smooth face style allows you to bring finishing products like brick, stone or tile flush with the opening for the look of a masonry fireplace at a more economical price. Refractory brick liners are standard on the Value, Performance and Premium models. Herringbone liners are optional on the Performance and Premium models.

Performance Line Wood Burning Firebox.

All standard fireplaces are offered with optional full insulation to keep cold air out and warm air in. To make installation easier we've added a full length framing flange and drywall stops.

The Performance and Premium models also feature Vantage Hearth's "Gas Log Ready" design. This feature allows you to add Vantage Hearth's vented gas logs with gas connections and controls conveniently recessed out of sight. Additionally, the

Performance models feature hidden screen pockets that allow you to tuck the screens out of sight to maximize the fireplace viewing area.

Premium Line Wood Burning Fireplace shown with custom mantel.

Vent-Free Blaze n' Glow Pro Logs feature a ramp burner for unsurpassed glow surrounded by random dancing yellow flames plus the sleek ProFlame remote control.

Vented gas logs take beauty and flexibility to a new level. Log sets and burner systems are sold separately, so you can create the look and control system you desire.

Why Choose Vantage Hearth?

Comfort, Beauty, And Savings...The Versatility Of

Vantage Hearth. It's easy to see why Vantage Hearth is the most trusted name in zone heating. Our heating and hearth products let you have it all; unmatched comfort, stylish beauty and dramatic energy savings. No matter what your floor plan, space or cost requirements, Vantage Hearth has a product you can really warm up to. And you'll find it at a full-service retailer who really understands your home and hearth needs. So come in from the cold...and experience the versatility of Vantage Hearth today.

Wood Burning Fireplaces

Accessories To Complete The Look

Customize your Vantage Hearth Value or Performance Line Wood Burning Fireplace with a variety of optional doors, blowers, perimeter trims and outside air kits. The Performance models can be paired with beautiful rolled louvers in black finish. Filigree and louver trim are also available.

The perimeter trim, glass doors, louver trim and filigree are offered in four finishes: polished brass, brushed brass, platinum and black. The bi-fold glass doors are easy to install and operate. They offer a beautiful view of the fire while reducing heat loss. An optional triple fan or variable speed deluxe blower can be added to louvered/circulating models to increase the air flow and maximize heat distribution.

Optional Polished Brass Perimeter Trim, Filigree, and Glass Doors

Optional Platinum Perimeter Trim, Filigree, and Glass Doors

Optional Polished Brass Perimeter Trim, Black Smooth Face Panel, and Glass Doors

Optional Platinum Perimeter Trim, Black Filigree, and Glass Doors

Optional Polished Brass Perimeter Trim , Glass Doors, and Black Filigree

Optional Black Perimeter Trim, Smooth Face Panel, and Glass Doors

Optional Platinum Perimeter Trim, Glass Doors, and Black Filigree

Optional Platinum Perimeter Trim, Black Smooth Face Panel, and Glass Doors

Optional Brushed Brass Perimeter Trim, Glass Doors, and Black Smooth Face Panel

Optional Brushed Brass Perimeter Trim, Black Rolled Louvers, and Glass Doors

Optional Sienna Screen Doors in Aged Copper

Optional Valencia Screen Doors in Antique White

Optional Bi-Fold Glass Doors in Platinum

Wood Burning Fireplaces

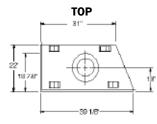

Peninsula Wood Burning Fireplace

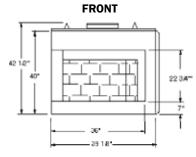

Multi-View Wood Burning Fireplaces

Multi-view fireboxes are available in See-Thru, Peninsula and Corner models. The See-Thru model allows you to enjoy the beauty of the same fireplace from two rooms. This unit is ideal for either new construction or an addition to an existing wall. The Peninsula Fireplace is a perfect match for a custom home or office. This model is equally beautiful when viewed from any of the three open sides. Vantage Hearth's Corner Fireplace is the perfect space saver model. These units, available in both left and right facing fireplaces, will blend into any open cornered wall or can be incorporated into room dividers. These unique designs offer a full 180° fireplace viewing area. All models can be customized with glass door kits and outside air kits.
