

Stunning Looks, Outstanding Performance

THE GRAND MASTERS SERIES

MASONRY WOOD NOOK

Masonry Under Hearth Wood Nook
DHS Model Series

The fireplace has always been the focal point of a home. And throughout the centuries, creative new designs and features have enhanced both form and function of the hearth. Fmi's award-winning Grand Masters Series fireplaces and accessories mix innovation with tradition; re-creating these classic designs. Using modern technology our new Under Hearth Wood Nook is the latest addition to our exciting Grand Masters Series with patent pending Mosaic Masonry™ firebrick lining system; offering traditional style and quality...with even more beautiful new features homeowners will love!

Homeowner Highlights:

■ **Functional Beauty**—The Masonry Wood Nook is more than just a beautiful fireplace accessory. It's extremely durable and more than adequate as a functional storage spot for heavy firewood; indoors or out.

■ **Masonry Firebrick liner** — Fmi's patent pending, Mosaic Masonry™ firebrick system takes the masonry fireplace concept to new heights. It's designed to install seamlessly with, and perfectly match our Georgian Masonry and Portofino model fireplaces. The firebrick kit includes factory installed template panels, precut and labeled bricks, and even a bag of hi-temp mortar to grout the finished nook.

Builder Benefits:

■ **Unparalleled value**— True, hand crafted masonry finished accessory at a fraction of the cost and installation time of site-built. With factory controlled efficiency and consistency.

■ **Space Saving Installation**—Under hearth wood nooks install *beneath* our Georgian Masonry and Portofino fireplaces, enhancing the scale and presence of the total hearth feature without taking up additional wall space or outdoor room area.

■ **Secure, straight installation**—We've Included full-length nailing flanges / drywall stops built into both sides of the face frame.

The Masonry Wood Nook features traditional stacked running bond brick pattern, and is available in 36", 42" and 50" sizes.

individual grooved bricks snap-lock securely into the stainless steel templates for easy installation. fireplace grout lines are then finished using the high temp, refractory mortar included.

Herringbone brick pattern shown for demonstration only. Not available on masonry wood nook.

The Wood Nook can be installed flush to the face of the fireplace, or pulled forward as part of a raised, extended hearth as shown.
